

Bromford.
Retirement Living

**Get the most
out of later life.**

Welcome to Retirement Living with Bromford.

At Bromford we believe getting older should give us all the opportunity to take time to do the things we enjoy and less of the things we don't.

We create beautifully designed luxury retirement homes within vibrant communities where we think your focus will be all about enjoying leisure activities such as a chat over coffee, keeping fit in the gym or planning trips with friends. We take care of the maintenance, the gardening, security and more, so you can focus on making the most of later life and the freedom that this brings.

With a 50 year track-record in providing homes and building communities across the Midlands, Bromford is today one of the region's leading social enterprise not-for-profit organisations which seeks to help people to get more out of life.

Be as active or relaxed as you choose to be.

A Bromford retirement community is shaped by its residents, so it's entirely up to you how you choose to spend your time.

You can simply continue doing the things you enjoy, or take full advantage of the on-site facilities and activities to try out new hobbies and interests or learn something new.

You'll certainly find that discovering shared interests is a marvellous way to make new friends and there will be a range of activities to choose from, so you'll never be short of things to do.

“It’s great to be amongst friends and neighbours with so much to do.”

It's all about doing what you enjoy

The Activity Studio is a creative space where you can get together with friends and neighbours and enjoy shared hobbies and interests. The activity programme is guided by residents themselves.

Stay active and stay young

The Fitness Gym is just the place to help you stay fit, with access to a personal trainer who will be available to support you.

Always look your best

Our developments have their very own professional hair and beauty salon - the perfect excuse to treat yourself whenever you feel like it.

Good food, a relaxed atmosphere and friends

Relax with a cup of tea or coffee and a snack in our café bistro after a morning out and about or meet up with friends in the lounge.

Round the clock care and support, if and when you need it.

Your well-being is an important consideration for your life in a Bromford retirement living apartment.

We want you to feel confident enough to live life to the full, reassured by the knowledge that full-time, round the clock support and care is available on site and can be delivered in the comfort of your own home, if and when you might need it.

If your personal needs change, we can tailor a package of support to suit your needs, providing both you and your family with complete peace of mind.

And if you need a little extra assistance from time to time with everyday tasks such as laundry, cleaning, shopping, a spot of housework, or more personal care – we can help with that too.

**Beautifully
designed for
comfortable living.**

Our apartments include thoughtful design touches to make everyday living easier – an approach that reflects Bromford's attention to detail.

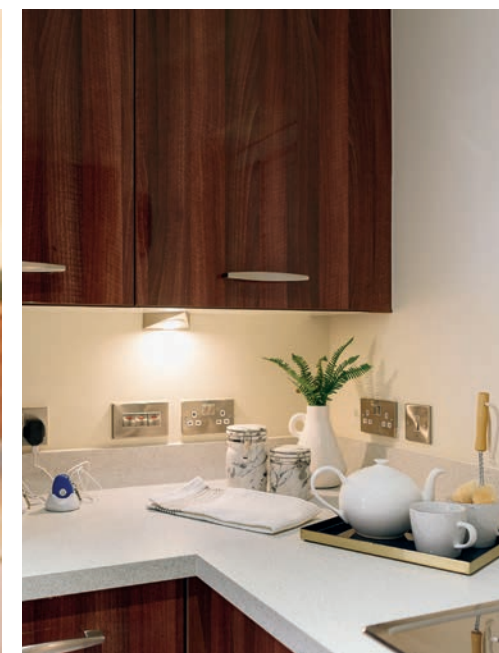

Our developments feature beautifully designed 1 and 2 bedroom apartments set amidst a range of communal facilities.

The living areas are modern and stylish, but also carefully designed for people in later life, with thoughtfully positioned plug sockets, easy-to-use eye level microwave and oven, easy-turn lever taps and much more.
